

Black Pepper Plucking Tool

Innovator: Pratheesh C	Address : Prateesh C, Chakkamthodi (H) Alanallu via Palakkad, Kerala- 678601	Contact Details : Mobile no. 09846634154
----------------------------------	---	--

Problem addressed:
Usually pepper is plucked by normal nipper or manually and in this process either pepper falls down or the flowers and twains of pepper gets damaged. This innovation addresses the issue involved in plucking the Pepper.

Product
The pepper will be trapped in the spikes/teeth of the tool and collected in the cup. The triangular shape of the cup helps in plucking the pepper without much effort.

Technical Specifications	<ul style="list-style-type: none"> • Length of tool: 2 feet (it could be attached with PVC or GI pipe) • Length of cup : 4 inch • Breadth of the cup 2.5 inch • No of spikes or teeth : 4 • Angle of the teeth :20 degrees • Length of teeth : 12 cm • Weight : 120 gm (for the cup)
---------------------------------	---

Key Competitive Advantage:	<ul style="list-style-type: none"> • Makes plucking easy. One pepper bunch can be plucked in a second. • The triangular shape of the cup helps in plucking the pepper without much effort.
-----------------------------------	--

Time to deliver:	15 days excluding the shipping time
-------------------------	-------------------------------------

Price :	Rs 250 (ex-factory price + packaging). The price does not include transportation costs, taxes, etc.
