

Student Idea: Innovative study table

Consolation
Energy

Manibhushan Prasad
Dhanbad, Jharkhand

Manibhushan is a young student. Facing problems studying in the night due to erratic electric supply, he has thought of developing a study table where the user can generate electricity at the same time along with the studies. He also wishes to incorporate a system wherein the light bulb will only glow till the time a book is on the table. NIF has supported him for the development of the prototype.
